2nd Quarter 2026 as of 06/30/2026

Investment Objective: The Money Market Fund seeks to maximize current income to the extent consistent with the preservation of capital and liquidity, and the maintenance of a stable per share price of $1.00.

Investment Suitability: The Money Market Fund may be suitable for investors who have a short-term investment horizon, seek to maintain a stable dollar value for their investment and can accept a long-term rate of return that may be lower than other fixed income and equity investments.

You could lose money by investing in the Fund. Although the Fund seeks to preserve the value of your investment at $1.00 per share, it cannot guarantee it will do so. An investment in the Fund is not a bank account and it is not insured or guaranteed by the Federal Deposit Insurance Corporation or any other governmental agency. The Fund's sponsoris not required to reimburse the Fund for losses, and you should not expect that the sponsor will provide financial support to the Fund at any time, including during periods of market stress. This description of risks is provided as a summary of the principal investment risks associated with this mutual fund. Refer to the Fund's prospectus for more detailed risk information.
